Subject: RE: Rosemont Final Revised Mitigation Plan
Rosemont Tetra Tech Technical Memorandum 7-14-2017.pdf

All:

Please see attached. For an agenda, we'd like to basically touch upon each of the mitigation elements included in the final proposal. Our hydrologist (SPA Chief of Hydrology and Hydraulics Stephen Scissons) is unavailable today, so if you would like to have a detailed discussion of the hydrologic specifics included in the plan, we would need to set up a call to include him at a different time.

Thanks. Deanna

Hi Deanna,

Thank you for the documents. Did you also receive this report that is referenced in the stock pond runoff report? I would like to review it.

Best,

Rob

All:

You should receive an email shortly from our AMRDEC safe file transfer to download the four files associated with the referenced mitigation plan. Please let me know if you don't receive it.

Thanks. Deanna
